

Flag of Belgium

The flag of Belgium is a black, yellow, and red vertical [tricolour](#) that was adopted on January 23, 1831. **Black, yellow, and red** have been the colours of Belgium since the late 1700s. When Belgium became an independent kingdom in 1830 (becoming independent from Austria), it adopted a flag with horizontal bands of black, yellow, and red but in 1831, Belgium adopted a variant on the [French tricolour](#), which stood for freedom and revolution.

1. What colours are in the flag of Belgium? _____
2. When was this flag officially adopted? _____
3. Is this flag a horizontal or a vertical tricolour? _____
4. In what year did Belgium become an independent kingdom? _____
