

Presenting different metropolises Gallery walk

1. Have a look at all the posters.
2. Please write **positive** feedback on post-its and put them on the posters.
3. Then **choose two** to have a closer look and take notes of points you find most relevant (content).

metropolis	aspect	aspect
1.		
2.		

Please turn over →

4. Now evaluate the two posters:

Criteria for grading a poster

	1	2	3	4	
design					
legible, size of letters appropriate					inappropriate, poor handwriting
appropriate number of graphs and pictures					inappropriate (no pictures/graphs or too many)
well-structured					not structured
sources are mentioned (e.g. web addresses, titles of books, etc.)					sources are not mentioned
appropriate amount of information					too much or too little information
interesting to look at					boring
language					
hardly any mistakes (spelling, grammar, vocabulary)					difficult to understand due to many mistakes
understandable (vocabulary used is known or explained)					not understandable due to too many unknown words
formal language					colloquial language, slang
contents/quality					
going into depth					superficial
contents correct					contents wrong
only relevant information					unnecessary details, minor aspects
information summed up, in your own words					information just copied
creativity					
Unusual elements, appealing, eye-catching,					boring
